NEVER USE THIS PRODUCT IN CO-SLEEP MODE WITH OUT THE ANCHOR PLATES SECURELY ATTACHED TO THE ADULT BED

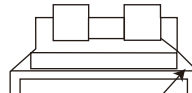

ACCEPTABLE BED  
FRAME IN-LINE

MATTERSS, BOXSPRINGS &  
FRAME ALIGNED

UNACCEPTABLE BED,  
MATTRESS, BOXSPRING  
& FRAME NOT IN-LINE

FRAME  
EXTENDED

## ⚠ WARNING

1. Check and maintain the product before using.
2. Add a small amount of oil to the rotating parts regularly to help extend the product's lifespan.
3. Clean the frame with a soft, dry cloth or sponge. Do not use alkaline or acidic water to clean the metal parts.
4. You may use a soft brush when cleaning the mattress.
5. Avoid using or storing the product in places that are damp, very cold, or very hot for a long time.
6. When not in use, store it in a safe place and check its condition regularly.

**Suitable for children age: 0-12 months**  
**Maximum weight: 9kg**

### ATTENTION:

Adult supervision is required.

### WARNING:

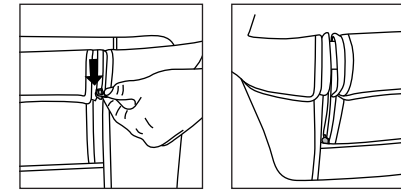

Plastic bags may be dangerous — keep away from children to avoid suffocation.

Keep away from fire.

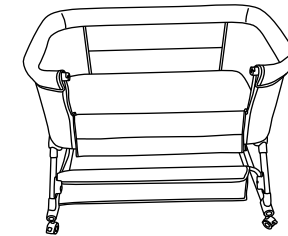

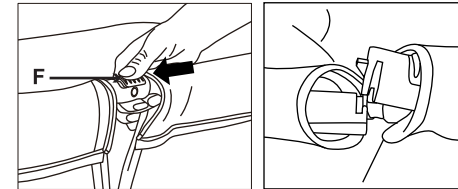

2

## ● BEDSIDE CRIB FUNCTION

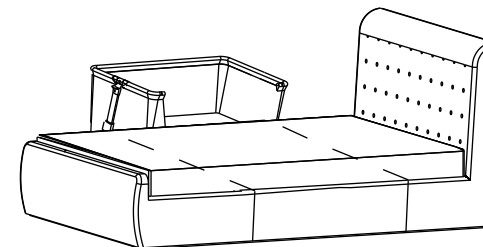

Unzip the zippers on both sides of the bassinet.

Slide the locking buttons (F) on both sides and lift to unlock.

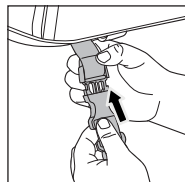

Secure the connecting belt buckles around the frame or mattress of the adult bed. Position the sleeper next to the adult bed, and adjust its height until the sliding door of the bassinet is level with or lower than the adult mattress.

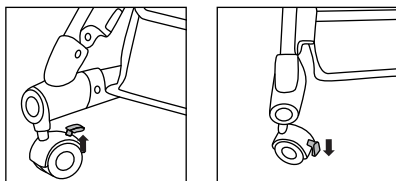

7

Fasten the buckles of the connecting belt through the straps under both sides of the bassinet until you hear a “click,” confirming they are securely locked. Pull the belt to tighten it, making sure the bassinet fits closely to the adult bed without any gap.

**Attention:** The four wheels must be locked when using the bedside crib mode. When the bassinet is attached to the adult bed, the bassinet height should be level with or lower than the adult mattress to prevent the baby from falling.

Push the lever down to lock the swivel wheels, and pull it up to unlock them.

## CARE AND MAINTENANCE

- The fabric cover is durable, removable, and washable.
- Only adults should remove or attach the fabric cover.
- Check the product regularly for any signs of damage. If it is damaged, stop using it and keep it away from children.

- 🧼 Hand wash in cold water
- ⚠️ Do not bleach
- 🧺 Do not tumble dry
- 🔥 Do not iron
- 🧺 Do not dry clean

After each wash, check the fabric and stitching for any damage.

- **WARNING:** When removing or applying the fabric cover, handle it gently to prevent tears or accidental damage.
- **WARNING:** Removing or applying the fabric cover may take a few minutes and should only be done by adults.

## ⚠️ WARNING

Please read this manual carefully before using the product, and keep it for future reference. Not following these instructions may affect your child's safety. Failure to follow the warnings and instructions could result in serious injury or death.

### FALL HAZARD

To prevent your baby from falling:

- Stop using this product once your baby can crawl, roll over, or weighs more than 9kg — whichever comes first

### SUFFOCATION HAZARD

Infants may suffocate:

- In gaps between extra padding and the side of the bassinet or cradle
- On soft bedding

To avoid this risk:

- Use only the mattress padding provided by the manufacturer.
- Do not add pillows, blankets, or another mattress for extra padding.

Pediatricians recommend placing healthy babies on their backs to sleep, unless advised by your doctor. If you use a bedsheet, use only the fitted sheet provided by the manufacturer that fits the mattress properly.

## ⚠️ WARNING

Stop using this bedside sleeper:

- When your baby can crawl or roll over
- or when your baby reaches approximately 12 months of age

Once your baby reaches this stage, move them to another suitable sleeping product.

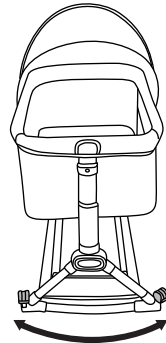

Safety Instructions:

- Ensure the sliding door of the sleeper is level with the adult bed mattress to prevent gaps where your baby could get stuck.
- Do not use the bedside sleeper if any parts are missing, damaged, or broken. Use only original parts.
- Contact Crolla Customer Service for replacement parts or manuals.

## HOW TO USE

### ● SWING FUNCTION

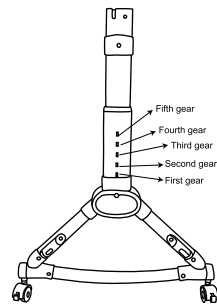

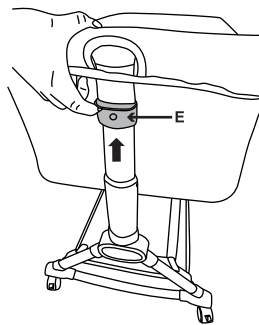

Press the button and turn the wheel upward until it clicks. Repeat for all four wheels. Gently rock the bassinet to prevent it from falling over.

Swing mode as shown.

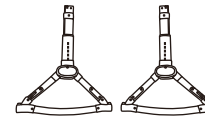

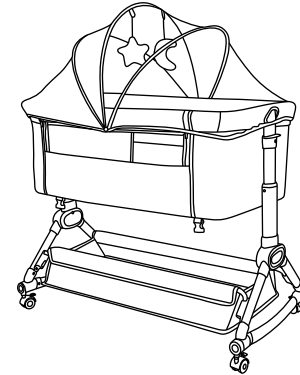

### ● HEIGHT ADJUSTMENT

Lift both handles (E) to adjust the bassinet height. When it reaches the desired height, release the handles — you will hear a “click” when it locks in place.

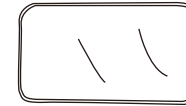

6

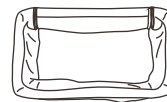

## COMPONENTS

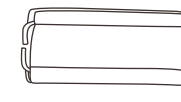

Supporting frame x2

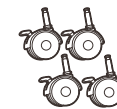

Mattress x1

Bassinet x1

Storage basket x1

Universal wheel x4

Mosquito net x1

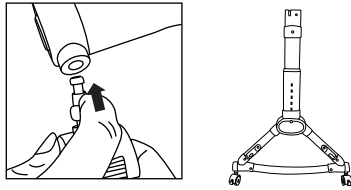

Connecting belt x2

3

## INSTALLATION STEPS

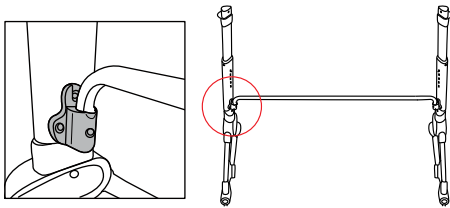

### STEP 1

Take out the supporting frames (x2).  
Insert wheels into each frame and push until they lock in place.

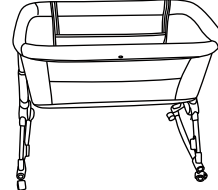

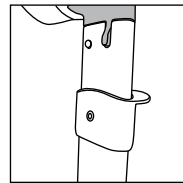

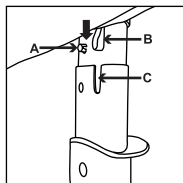

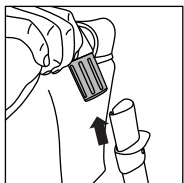

### STEP 2

Take out the supporting tube, and insert it into the plastic casing on both supporting frames as shown.

### STEP 3

Take out the bassinet and attach the plastic parts to the supporting frames as shown. Make sure part **B** is aligned with notch **C**.

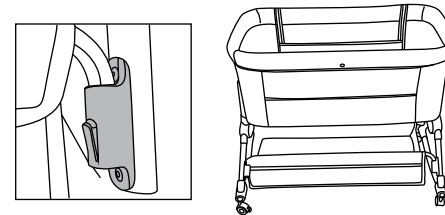

Press pin **A**, then insert the plastic part into the frame until it locks in place.

The supporting frames are now installed as shown.

4

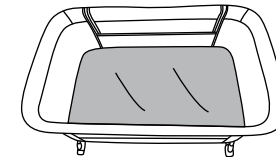

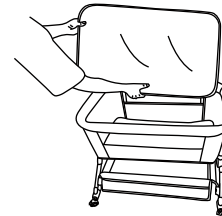

### STEP 4

Take out the storage basket and insert the tubes into the four plastic casings on the frame as shown. Push until they lock securely in place. To remove, press the locking buckle and pull the tubes out carefully.

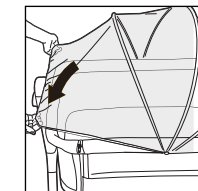

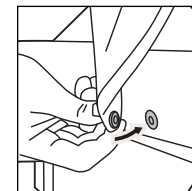

### STEP 5

Place the mattress into the bassinet. The Velcro straps will hold the mattress securely in place.

### STEP 6

Take out the mosquito net and fasten the buttons to both sides of the bed.
